

LAUNCH TECHNOLOGIES SA PTY LTD

NUMBER 1 SELLER OF WORKSHOP EQUIPMENT IN SOUTH AFRICA

Vehicle Lift

THINKCAR TVL242A

PRODUCT DESCRIPTION

STEEL QUALITY

The Thinkcar TVL242A **AUTOMATIC RELEASE** 2 Post Lift is a high-performance lifting solution designed for modern automotive workshops that demand strength, safety, and efficiency. With a lifting capacity of up to 4.2 tons, this Thinkcar TVL242A 2 post lift is ideal for handling a wide range of vehicles, from passenger cars to light commercial vehicles. Built with advanced safety features and durable components, it's a reliable choice for workshops looking to elevate both performance and productivity.

SPECIFICATION

Rated load	4200kg
Lifting height	1800mm
Initial height	100 mm
Lifting time	≤50s
Lowering time	≥40s
Power	2.2kw
Voltage	220V/380V
Hydraulic Oil	11L(Winter: N32# Summer: N46#)
Net weight	600kg
Working Temperature	5-40°C

- Electric unlocking, combined with mechanical safety device to ensure a double insurance mechanism.
- The lifting weight can reach 4200KG, suitable for various types of vehicles.
- The oil pipe has better pressure resistance, and the inner diameter -8mm double steel wire braid has a pressure resistance of 48pa.
- Imported explosion-proof throttle valve to prevent the oil pipe from aging and rupture, and avoid the joint from falling off to avoid injure the personnel.
- 24v cylinder stroke limit switch, effectively protects the cylinder and extends the service life of the cylinder.
- Passed 120% dynamic loading test and 150% static loading test.
- More safety, The lock force past 180KG test.
- Original imported hydraulic cylinder oil seal, good sealing.
- High-quality motor and oil pump, safe and reliable operation.
- Safe and unique design, easy to install.
